

The Northern Clinical Network Supportive and Palliative Care and End Of Life Care Summer meeting (July 2017) provided opportunity for discussion and debate regarding ReSPECT .

**Agreement was reached to continue using the current Deciding Right documentation and progress to assess the impact of Deciding Right.**

ReSPECT will remain on the radar of the Northern Clinical Networks and learn from the areas where it has been implemented and evaluated. Therefore a regional position on the adoption of ReSPECT is currently: *No-Not Now* rather than *No-Never*.
