

Northern
Cancer Alliance

spotting cancer early
saves lives

Do you have any signs or symptoms you are worried about?

Things like: a lump, a new pain, unusual bleeding or an unexplained symptom you have had for a while.

If the answer is yes, you **MUST get in touch with your GP**

You may be worried about going to your GP or hospital

GP practices and hospitals work hard to keep you safe when you visit

Please remember your NHS is still here for you when you need us
