

Help Us Help You – Punjabi Film Script

Hello, my name is Zahid, I wanted to speak to you about an important message from the NHS around Covid since the last few months, people are worried and scared to go to the Doctors

If you have a problem, lump, or losing blood or anything usual happening to your body which is unusual. Please don't hesitate to go to the Doctors.

This is why we are making this message to let you know that your Dr's are wanting to let you know that if you have any problem, they are still available.

I know a lot of you are sat at home worrying and contemplating if you should or shouldn't go to the Dr's. Please do not worry about not being able to contact the doctor.

We are requesting you to not sit at home and be worried, and to please contact your Doctor as your NHS is still here for you.
