

Mr John Moir
Consultant HPB/Transplant Surgeon
Newcastle upon Tyne Hospitals NHS
Foundation Trust

Mr John Moir (FRCS, PhD) has been a Consultant HPB/Transplant Surgeon at the Freeman since 2021, having undertaken all his training in the North East, combined with a fellowship at the Mayo Clinic.

He is the current cancer lead for both the Northern Cancer Alliance (NCA) and the North East and Yorkshire (NEY) HPB network, with an ambitious enthusiasm to improve HPB pathways across the regions.

He holds various positions on national QI and research steering groups, as well as an associate lecturer post at Newcastle University.

He has a particular surgical interest in robotics and the operative management of borderline pancreatic cancers with vascular reconstruction.
