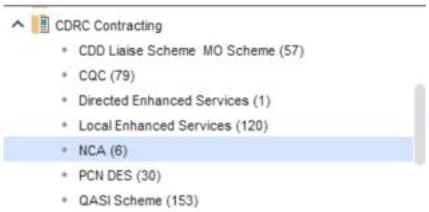
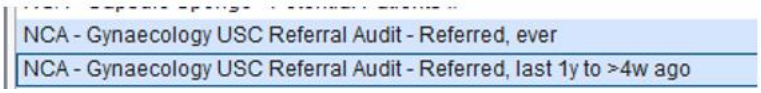
Searches Gynae Audit – 2026 /27

Below are the screenshots and brief instructions on how to access the searches to find gynae referral forms.

For Systmone Practices

Searches can be found in the CDRC Contacting folder under NCA. See Below





The gynae searches are listed as above. The second option provides a look up of referrals for the last 12 months. This is the one to be used.

The second search is more than a 12-month period if the practice needs to go further back to access are reasonable number of referral forms to review.

For Emis Practices

Please use the folder provided to embed the search and look for the list below.

The first search NCA – Gynaecology USC Referral, 1y to > 4w ago provides the 12-month time as above. This is the one to be used in the first place.
